

MAC Stationary Compactors

Stationary Compactors

MAC Corporation's high quality stationary compactors are designed and engineered to efficiently and economically handle maximum loads and stresses in commercial and medium industrial applications. Our compactors can be configured for your specific needs with custom fitted side or rear load hoppers, security chutes, drive on decks, loading dock enclosures and other optional equipment.

MAC Corporation compactors are constructed of quality AISI grade steel, built to exacting specifications, and designed for years of rugged dependable service.
